ST. MARY

ST. MARY'S
HOSPITAL
FOUNDATION

ANNUAL IMPACT REPORT

**FIÈREMENT ST. MARY.
PROUDLY ST. MARY'S.**

2025 marked a defining chapter in St. Mary's story — a bridge between a century of extraordinary service and the bold promise of our *Next Century of Care*. We step into our leadership roles at the Foundation with deep gratitude for Cynda Heward and Arthur Wechsler, whose visionary stewardship charts the course we now follow.

For both of us, this work is deeply personal. We know firsthand what it means to depend on exceptional healthcare during life's most vulnerable moments — and that lived experience fuels everything we do. St. Mary's has always been a place where clinical excellence and genuine human compassion are inseparable. Keeping it that way is our commitment to you.

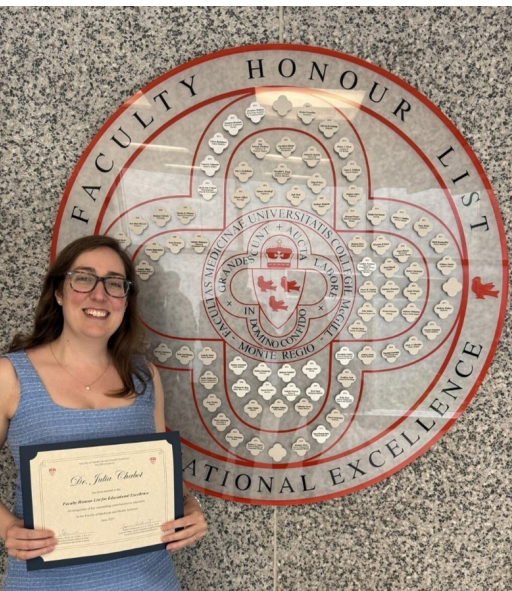

The response from our community has been nothing short of historic. Our *Next Century of Care* campaign — launched with an ambitious \$100 million goal — has already surpassed 90% of its objective. This is more than a financial milestone. It is a promise kept: that families in our community will continue to receive outstanding, life-saving care in the place they call home.

As we look ahead, our purpose is clear: to ensure that exceptional community healthcare remains strong, resilient, and accessible for generations to come. With your continued partnership, we are doing more than sustaining a hospital — we are advancing the future of care, together.

With profound gratitude,

Nadia Wendowsky, CFRE
President & CEO, St. Mary's Hospital Foundation

Stephen J. Kelly
Chair, St. Mary's Hospital Foundation

ASSOCIATION OF PHYSICIANS, DENTISTS AND PHARMACISTS (APDP)

The APDP is committed to advancing clinical care, education, and research while remaining deeply rooted in the values and traditions that define St. Mary's. By preserving the Hospital's unique identity, the association ensures that its cultural legacy remains a vital, living component of the care patients receive today.

AUXILIARY

For decades, the Auxiliary has been woven into the fabric of St. Mary's — running the Gift Shop, Book Corner, and Coffee Shop, and organizing cherished annual events. The funds they raise are directly reinvested in the Hospital, supporting equipment and programs that elevate the patient experience.

OUR PRIORITIES & ACHIEVEMENTS

St. Mary's has long been the first point of contact for our community's diverse healthcare needs — and 2025 was a year of meaningful progress. The milestones that follow reflect our ongoing commitment to clinical excellence and the strides made across many of our priorities.

A Montréal First: Geriatric Emergency Department Accreditation

St. Mary's made history in 2025 by becoming the first hospital in Montréal to receive the Geriatric Emergency Department Accreditation (Bronze) from the American College of Emergency Physicians — a distinction that confirms our teams, facilities, and protocols rank among the best in meeting the unique needs of older adults.

Empowering Senior Patients and their Families

Our Geriatric Clinic welcomed a brand-new space designed specifically for the caregivers of older adults — offering resources, peer support, and a dedicated place to connect. Rooted in our commitment to integrated, whole-person care, it fosters collaboration between physicians, patients, and families, affirming that exceptional geriatric care extends well beyond the bedside.

Personalized Cancer Care

Researcher Sylvie Lambert's award-winning e-IMPAQc platform is redefining the cancer journey. By enabling real-time symptom reporting, this patient-led digital tool has been successfully implemented in cancer centers across the province since 2021. The results are clear: more proactive care, reduced symptom burden, and a better quality of life for those we serve.

Women's Health and Preventive Oncology

St. Mary's Research Centre's Dr. Anita Koushik was named the first-ever holder of the McGill University Chair in Community Cancer Care. In this landmark role, she is advancing vital research into how lifestyle factors influence women's health and cancer risk. Because the most effective cancer care begins before a diagnosis, this work places St. Mary's at the forefront of preventive oncology — shifting the focus from treatment to early intervention.

Bridging the Gap in Mental Health Care

Launched in 2021 by psychologist Dr. Vanessa Delisle and powered by Bell, the GRASP (Giving Resources And Support to our Patients) project was a vital response to the surge of mental health referrals following the pandemic. Consisting of group psychotherapy sessions that allow up to 8 patients to be treated simultaneously, this innovative program offers timely access to care to a greater number of patients who would otherwise wait months for individual psychotherapy.

NEXT CENTURY OF CARE CAMPAIGN SPOTLIGHT

**\$100
MILLION
GOAL**

Launched in November 2024 at the St. Mary's Ball, on the occasion of the Hospital's Centennial anniversary, the *Next Century of Care* campaign is a bold commitment to safeguarding St. Mary's legacy for generations to come. Thanks to the generosity of our donor community, 90% of our ambitious \$100 million goal has already been realized. From monthly donors to major gifts, every contribution has brought us closer to that milestone. Among them, Paul Durocher's historic estate gift stands as a powerful testament to the lasting impact that planned giving can have on the future of our Hospital.

Together, these contributions amount to more than a number. They reflect the trust, dedication, and shared vision of every individual, family, corporation, and foundation that chose to invest in the future of St. Mary's — and the community it serves. The Foundation is profoundly grateful to everyone who has helped make this campaign such a remarkable success — and to those who continue to bring us closer to our goal. Your support is the bedrock upon which St. Mary's *Next Century of Care* will be built.

Visit our *Next Century of Care* page by scanning or clicking the QR code above.

90%

MATCHING GIFTS

Matching gifts have the power to inspire a groundswell of giving — and last August, the St. Mary's Auxiliary proved just that. Through the Foundation's first-ever matching gift campaign, 213 donors came together to raise \$80,716 — every contribution matched dollar-for-dollar. We are deeply grateful to the Auxiliary and to every donor whose support helped direct meaningful resources toward our Hospital's greatest needs.

Building on that momentum, our year-end campaign saw 229 donors rally behind a generous matching challenge from Stephen J. Kelly and his family, raising a record-breaking \$174,642 — the most successful year-end campaign in Foundation history.

These funds will accelerate diagnoses and treatment through cutting-edge technology, create healing spaces where patients find comfort, and empower our care teams with the resources they need to deliver outstanding care. We extend our deepest gratitude to the Kelly family and to the Auxiliary for inspiring such an extraordinary outpouring of community support.

ST. MARY'S MASTERS

Royal Montréal Golf Club

Date: June 9, 2025

Funds Raised: \$602,050 net

The 33rd annual St. Mary's Masters returned in grand fashion on June 9, 2025, welcoming golfers to the prestigious Royal Montréal Golf Club for a day as memorable as it was impactful. Under the leadership of Tournament Chair George Alexopoulos, guests took to the iconic Red and Blue courses alongside Montréal Canadiens legends Vincent Damphousse and Rick Green, before gathering for an elegant evening cocktail dînatoire with live and silent auctions.

Dr. Jason Freder, Chief of Emergency, delivered a passionate address bringing into sharp focus the urgent need for Emergency Department enhancements — resonating deeply with attendees and setting the tone for the generosity that followed.

The result was nothing short of remarkable: a record-breaking \$602,050 net raised. These funds will go directly toward the comprehensive, multi-year renovation of the Emergency Department, ensuring St. Mary's continues to deliver exceptional care to all those who need it most.

GIRLS FOR THE CURE

Murray Hill Park

Date: September 25, 2025
Funds Raised: \$207,769 net

Despite a steady drizzle, the 31st annual Girls for the Cure arrived at Murray Hill Park on September 25, 2025, with unstoppable energy. Students from six Montréal schools completed a 5 km walk to support women's cancer care at St. Mary's — greeted at the finish by Virgin Radio's Shannon King, dancers from the Sonia Balazovjeh Dance Company, and DJ Menous, who kept the crowd dancing throughout the afternoon.

The day's most moving moment came when Foundation President and CEO Nadia Wendowsky — a breast cancer survivor and former participant herself — took the stage to deliver a heartfelt testimonial on the power of compassionate care and community action. She was joined by co-founders Susan Hart and Cynda Heward, who marked three decades of extraordinary impact since the event's founding in 1994.

All told, the 2025 edition raised \$207,769 net — bringing the event's cumulative total to over \$4.3 million since 1994 in support of awareness, research, treatment, and better outcomes for women living with cancer. A powerful reminder of what a community of young women, united by purpose, can achieve.

ST. MARY'S BALL

Windsor Station

Date: November 7, 2025
Funds Raised: \$2,023,500 gross

The 88th annual St. Mary's Ball welcomed over 600 supporters to Windsor Station for an evening that felt, in every way, like St. Mary's at its best. Under the leadership of Co-Chairs Stephen J. Kelly and Lindsay Matthews, guests gathered amid a striking mid-century décor — rich earthy tones, warm wood accents, and lush florals — for a night of celebration, live entertainment, and inspiring tributes.

Antonio and Mary Louise Sacconaghi gave the evening its heart. Their love story began at the very same Ball in 1961, and six decades later, their children honoured that enduring legacy with a generous gift launching the Champions of St. Mary's initiative — a tribute that captured everything the Ball represents: loyalty, community, and a deep, lasting commitment to this institution.

Dr. Jason Freder, Chief of Emergency, delivered a passionate address that brought guests to their feet, underscoring the vital importance of the cause. Together, the evening raised an outstanding \$2,023,500 in support of the modernization of St. Mary's Emergency Department.

COMMUNITY EVENTS

MILES FOR MINDS

Montréal Miles for Minds

Date: October 25, 2025

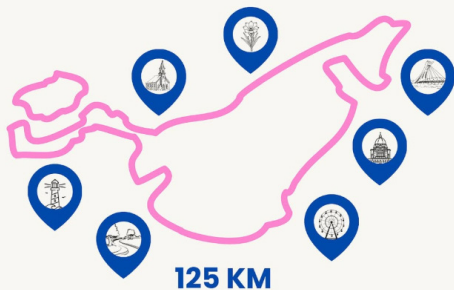

Funds Raised: \$100,000

United by their shared experiences with mental health and passion for endurance sport, friends Matteo lasenza, Dylan Beauchamp, and Lorenzo Accurso ran 125 km around the island of Montréal in a single day in support of St. Mary's Psychiatry Department. Joined by family, friends, and community supporters along the way, they discovered that with the right people beside you, there's no limit to what you can achieve. Their journey proves that every step forward can spark hope, connection, and healing for those facing mental health challenges.

LAP AROUND MONTREAL

SATURDAY

25 OCTOBER, 2025

ON OCTOBER 25, 2025, WE'LL RUN 125 KM AROUND THE ISLAND OF MONTREAL IN A SINGLE DAY. FROM MIDNIGHT TO SUNSET, THE CITY BECOMES OUR TRACK AND EVERY STEP FUELS MENTAL HEALTH CARE AT ST. MARY'S HOSPITAL. JOIN US ALONG THE ROUTE, FOR 1 KM OR MORE, AND BE PART OF SOMETHING BIGGER THAN RUNNING.

Gayle Hutchison Golf Tournament

Date: September 6, 2025

Funds Raised: \$20,820

The Gayle Hutchison Charity Golf Tournament, founded in 1996 by Gayle during her cancer journey, continues to honour her vision of improving care for cancer patients at St. Mary's. Organized by Gayle's family and friends, the tournament has raised close to \$500,000 as of 2025, funding facility enhancements, equipment purchases, new pathways of care, and research initiatives that make a lasting difference in the lives of patients and their families.

Friends of St. Mary's Golf Tournament

Date: September 17, 2025

Funds Raised: \$2,240

Initiated by St. Mary's Hospital Auxiliary members in 1992, the Friends of St. Mary's Golf Tournament raises funds for bursaries to benefit continuing education among our nurses. Every year, the Friends of St. Mary's Golf Tournament bursary allows some nurses to take much need time to refresh a skill or learn a new one, and to become reenergized to continue their invaluable work.

LOOKING AHEAD

Three strategic priorities guide every investment we make in St. Mary's. The following projects showcase how this funding is already being put into action to enhance the patient experience.

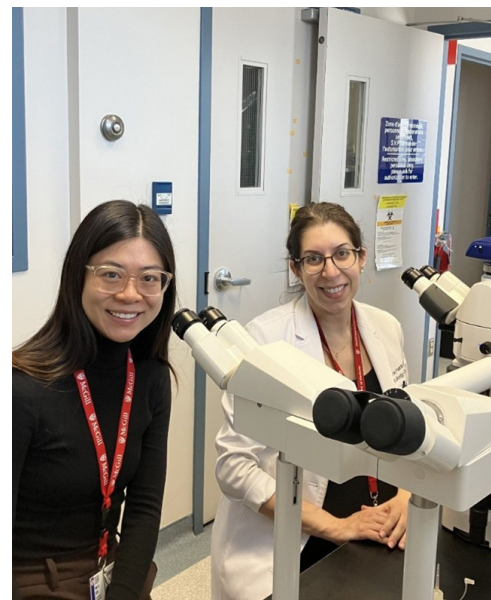

PRIORITY 1:

Modernizing Infrastructure

Modern spaces and equipment for modern care.

St. Mary's is continuously investing in the technology and spaces that make exceptional care possible. Thanks to donor support, our Hematology department has acquired a state-of-the-art teaching microscope — allowing multiple learners to work alongside an instructor via high-definition live feed. As one of only three McGill sites training hematology residents, this addition strengthens St. Mary's place in the McGill medical education landscape.

Meanwhile, a significant transformation is underway in the Department of Psychiatry, where a major renovation will deliver revamped patient rooms and dedicated staff rest areas — meaningfully improving outcomes and quality of life for patients and care teams alike. Together, these investments reflect a lasting commitment to our patients and the dedicated professionals at their side.

PRIORITY 2:

Improving Access and Quality of Care
Timely, exceptional care when you need it most.

Québec's senior population is growing rapidly — and St. Mary's is rising to meet that challenge. The Comprehensive Pathway of Care for the Aging Adult establishes a seamless, one-stop model that unites geriatricians, family physicians, nurse practitioners, and allied health professionals in a single coordinated team. From the Emergency Department through to outpatient follow-up, every older adult receives expert, integrated support tailored to their evolving needs. Already demonstrating remarkable results — including an 11.5-hour reduction in average Emergency Department length of stay — this initiative is poised to set a new standard for geriatric care across the province.

PRIORITY 3:

Clinical Excellence and Education

Investing in the people, technology, and innovation that elevate care.

Virtual reality is emerging as a powerful non-pharmacological tool in patient care — and St. Mary's is already leading the way. A pilot project on our 5 Main inpatient unit introduced VR headsets to palliative care and oncology patients, offering immersive experiences that provided comfort, distraction, and moments of genuine joy during hospitalization. Patients reported reduced feelings of isolation and a deep appreciation for the experience.

Building on these promising results, we are now exploring the broader therapeutic potential of VR in post-operative recovery — including its ability to reduce pain and enhance emotional well-being — with the goal of scaling this innovative approach across additional units and, ultimately, beyond our walls.

TESTIMONIALS

"The heart of St Mary's lies in its people. From prenatal care, to labor and delivery, to postpartum care and breastfeeding support, the nurses, doctors and support staff are kind, caring and supportive. I always feel safe and well cared for at St Mary's."

Michael Minello

4th-year Medical Student,
McGill University

"The culture here is special. You're not just observing, you're practicing, learning, and preparing for residency while experiencing what drew me to this profession in the first place: you get to see the core of medicine."

"Having spent so much time at St. Mary's Hospital with my mom, I've come to appreciate just how exceptional the support, care, and expertise truly are. Each visit has reminded us that we're not alone — that there are dedicated professionals who understand the unique challenges our elderly loved ones face."

PLANNED GIVING

The *Next Century of Care* begins with a vision for the future – yours.

Every day, donors help St. Mary's deliver exceptional, compassionate care. A planned gift is a meaningful way to extend that commitment beyond your lifetime, while protecting the legacy you are building for those you love.

Planned giving is flexible and accessible, open to donors of all ages and life stages. Through your will, beneficiary designations, or other financial tools, a planned gift allows you to make a lasting contribution to St. Mary's — often with significant tax advantages for you or your estate.

Click or scan to visit our website and learn how your generosity can reach far into the future.
